CEO MESSAGE

Summer has taken off here at Gano Excel. We welcome new Diamonds to our ranks among many Affiliates who have taken the opportunity to grow their Gano Excel businesses during these last few months of quarantine. We have reopened our Opportunity Centers for will call pick-up with new policies in place for your health and safety. We also have new products still being developed that we anticipate bringing to you very soon. Together, we are growing through what has been a season of new challenges and opportunities.

My mind turns to a fascinating creature found in our oceans that may very well see the world in a similar fashion. Corals make up the beautiful reefs that line many an ocean floor are animals that never stop growing. They work together with algae in a mutually sustaining relationship, and form the largest biological structures on earth. These colonies of wonderful creatures have the capacity for unlimited growth.

Thanks to an amazing compensation plan, your Gano Excel business also has a capacity only limited by your own determination. Now is a great time to launch yourself further than you've previously gone. You can take some inspiration from the corals that never stop growing. Use your time to train. Learn something new. It could be a fact about our amazing Ganoderma lucidum products, or a simple skill that will help you with your business.

I also encourage you to take advantage of the convenience of our virtual meetings and events. Not only can they enrich your knowledge and confidence, they are excellent opportunities for your prospects. These virtual meetings are safe and easy to join. Prospects can attend without leaving the comfort of their homes. They can also ask questions and participate with less pressure than that which comes from face-to-face gatherings. It's a great way to SHARE about Gano Excel and the goodness of Ganoderma.

Sincerely,

Mr. Ooi Chin Aik,
Chief Executive Officer, Gano Excel | North America

HOW IN-N-OUT CEO LYNSI SNYDER ENERGIZES HER TEAM

One of the greatest parts of being a Gano Excel Affiliate is the opportunity to be your own boss! And while you will always be working for yourself, as you grow your organization, you will have an opportunity to lead a team of other Gano Excel Affiliates to accomplish their goals as well.

Keeping yourself and your team energized can be a challenge, but with some simple guidance you can create a dynamic atmosphere that fosters high achievement. It can be helpful to see what is working for other organizations, even those in other industries. One successful CEO that is getting things right is 38-year-old Lynsi Snyder, who took the reins of her family's fast food company In-N-Out 10 years ago. Snyder has received accolades by her employees, receiving a 99% approval rating on Glassdoor in 2019. That makes her the highest-rated female CEO and top restaurant CEO in the nation.

The company was started by her grandfather in 1948 in Baldwin Park, California. He made a commitment to serving quality food with quality service. By installing a two-way speaker, he created the first drive-thru fast food service in the country. Today, the fast food restaurant has grown to more than 27,000 Associates and more than 330 locations. Snyder stays committed to high standards of food quality, customer service and store cleanliness. The restaurant keeps a simple menu of a few items, but nevertheless has grown to be valued at more than \$3 billion.

As a completely family-owned business, Snyder and her team oversee the operations at all locations and distribution centers. While In-N-Out does not offer the same opportunity to be your own boss as Gano Excel, there are some lessons you can apply to your own business. She has received praise for creating a fun work environment as well as creating opportunities for people to advance in the company. Does that sound familiar to you?

Mr. Leow Soon Seng has already created a fantastic compensation plan for Gano Excel that can be fun and exceedingly rewarding for those motivated to work. That allows you to focus your energy on simply duplicating your business in a fun and fruitful way.

In an interview with Glassdoor, Snyder commented that the company's secret to success was in the people that call In-N-Out home. She described them as "positive" and "enthusiastic," who are ready to serve others with a smile and are inspired to learn and grow. In return, Snyder says that she strives to lead by example and always find creative ways to thank her Associates for their hard work. These are principles you can also adopt into your own Gano Excel business. ***You can create a similar fun atmosphere, energize your team with training, and receive recognition for your hard work.*** All this is possible with the added benefits of having complete control over your goals, your schedule, and your success.

You have the freedom to have fun with the people you work alongside at Gano Excel. Smiling, laughing and encouraging others are not rare to be found at a Gano Excel team meeting or event. Make sure your fellow Affiliates know that you believe in them and what they can do. It also boosts your positivity to focus on how you are helping others by sharing Gano Excel with them. ***Leading by example, providing frequent training on how to SHARE and teaching your team the compensation plan all help to create an energized team.*** Lastly, make sure to recognize success. Work as a team to achieve goals and edify those who do. ***Personally congratulate your Affiliates when they advance in rank and help them to duplicate their success with the others on their team.***

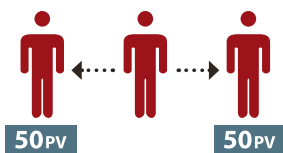

Put these awesome tips into place in your Gano Excel business and although you'll never have employees, ***you will have an excellent team of independent Affiliates that are energized to achieve their dreams alongside you.***

WAYS TO EARN: BECOME BINARY QUALIFIED!

Are you interested in earning passive residual income through your Gano Excel business? A great place to start is becoming Binary Qualified. *Setting yourself up to earn a Binary Commissions check every week can provide residual income for you to save or spend how you like!*

First, you need to be Active with Gano Excel, which means you are generating at least **50 PV** per month. Second, you need two personal enrollees. When you enroll them, you will have the opportunity to place them into your Binary organization on the left or right leg. To maximize your earning potential, you want to balance both legs. We recommend placing one on the left and one on the right. As you enroll more people and as they enroll more people, you will see this structure grow. That's good! That will mean more people contributing to your GCV, which will mean bigger payouts for you in the future.

As long as at least one enrollee on your left and your right stay Active with Gano Excel, meaning they are also generating at least **50 PV** per month, you are considered **Binary Qualified**. Being qualified means that you are eligible to receive a Commissions check for that week. Earning a check every week comes down to the volume you are producing. Right now, Gano Excel will pay out a Binary Commission once at least 100GCV is earned on your lesser leg. So, it is a good idea to make sure both legs are producing at least 100GCV each week if you are looking to earn a weekly check with Gano Excel.

As long as you stay **Binary Qualified**, any GCV that is not paid out will be “banked,” meaning it will roll over to the cycle. And, as long as you and one personal enrollee from each leg are maintaining a monthly Active status by generating **50 PV**, you will stay **Binary Qualified**. It's that easy.

Thank you for your understanding as we do our part in the global fight against COVID-19. Gano Excel USA is well stocked with products and our orders continue to ship out on time. We are committed to supporting you during this season.

WAYS TO STAY MOTIVATED AT HOME

As a Gano Excel Affiliate, you have the freedom to work from the comfort of your home. Though, as many Americans have discovered this year, working from home can present its own challenges. A home-based business can bring new distractions or feelings of isolation. Thankfully, as your own boss, you are in complete control of your workday. *It is possible to succeed and thrive with this new freedom with these five tips we have discovered to help keep yourself motivated.*

1. Remember Your “Why”

If you find yourself simply roaming the house looking for other things to do, it can be helpful to reignite your passion for running your Ganoderma lucidum business. By reminding yourself of your “Why,” you make your business relevant to a deeper part of you. Jot down some notes about what you have or will accomplish, such as helping others, your family or yourself. Keeping your work relevant to your life will keep you motivated to pursue it.

2. Keep It Simple

You can do this! It is easy to be overwhelmed at first, but once you gain some momentum it can be so much fun to keep going! Simplify your to-do list by focusing on some easy tasks, such as making a quick phone call with your Upline. Remember how fun and easy it is to SHARE your favorite Ganoderma lucidum products. Do tasks that you are most confident with first and commit to asking for help when you need it.

3. Connect with Others

You are not alone! There are thousands of Gano Excel Affiliates across the USA working from home just like you. Make time to connect with your team on a regular basis. You can talk over business goals and also check in on a personal level to build relationships with others like you. Networking with other Affiliates is a great way to stay positive and motivated.

4. Get Out of the House

Just because you work from home does not mean you can't leave your house! As your own boss, you have freedom over your time. Getting out helps maintain a positive mentality about your business. Connecting with friends, taking care of personal business, and simply enjoying some fresh air can make you more productive when it's time to work.

5. Be Your Own Boss

Your success is in your hands thanks to the wonderful Gano Excel opportunity. Instead of working toward someone else's goals, you get to work toward your own. Accomplishing everything you want to do with your business takes some planning. Set time to make a schedule for yourself, formulate a plan for your day, and create a focused workspace for yourself. Making these choices for yourself fosters great motivation to succeed.

You will be amazed at how much you can do when you are motivated. *Make sure to recognize and reward yourself for your great work along the way!*

“I find that the harder I work, the more luck I seem to have.” – Thomas Jefferson

GANOCAFÉ CLASSIC BBQ BEANS

Make a delicious summer favorite even better by enriching it with Ganoderma lucidum! Simmer these BBQ Beans in a slow cooker with GanoCafé Classic and a sweet and tangy sauce for an easy side dish to SHARE. Simply double the recipe to bring to your next summer picnic.

Ingredients:

- 1 Sachet GanoCafé Classic
- 8 oz hot water
- 6 strips bacon (cut in ½ inch pieces)
- 3 (16 oz.) cans baked beans
- 1 small sweet onion, chopped
- ¼ cup ketchup
- ¼ cup brown sugar
- 1 Tbsp apple cider vinegar
- 1 Tbsp dijon mustard

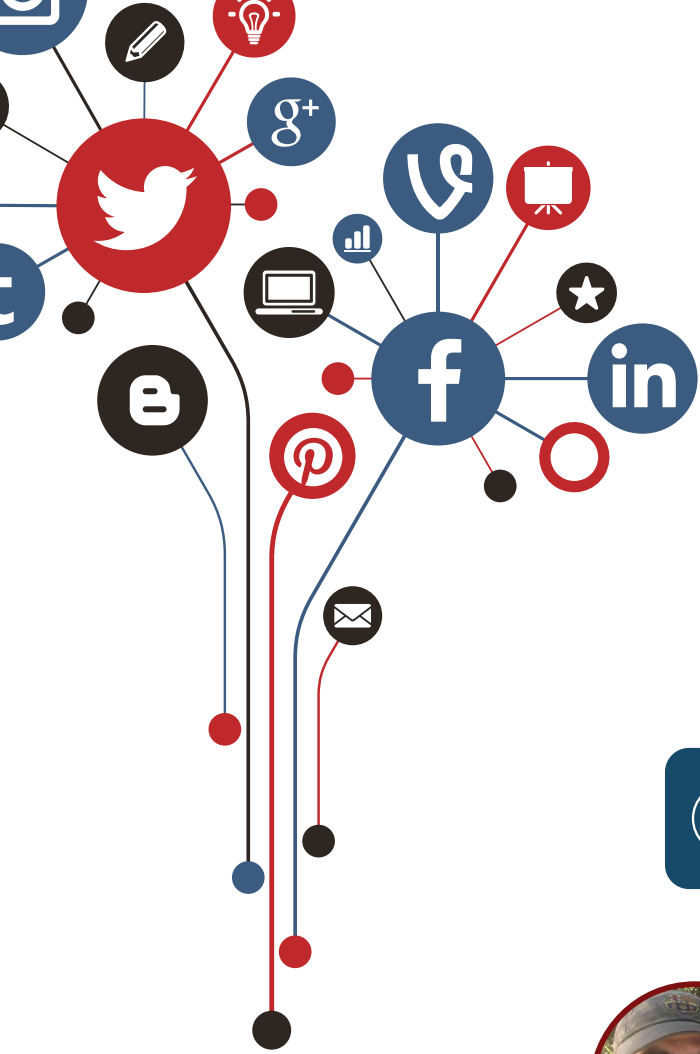

Directions:

1. Open GanoCafé Classic sachet and empty contents into a mug. Add hot water and stir. Set aside ¼ cup for your recipe and the rest is for you to drink!
2. Cook bacon in a skillet over medium-low heat until browned and crisp. Transfer cooked bacon to a paper towel lined plate to drain.
3. Pour beans into a slow cooker and stir in the chopped onion and cooked bacon.
4. Whisk together the reserved ¼ cup of GanoCafé Classic and remaining ingredients. Add the sauce mixture to the beans and stir to combine.
5. Cover and cook on LOW for 5 hours or on HIGH for about 2 hours. Serve warm.

NUTRITIONAL FACT:

Beans are a great source of folate! Folate is a B-Vitamin that your body uses to create red and white blood cells in your bone marrow. They also help convert carbohydrates into energy. Enjoy with the enrichment of Ganoderma lucidum, which adds more than 200 body-balancing phytonutrients of its own!
