CEO MESSAGE

I am so encouraged by the commitment and enthusiasm I've seen from you over the last several months. You have invested in yourself and your future. For many of you, that starts with the commitments you have made with Gano Excel. However, regardless of whether your goals are business related or personal, you can be encouraged that the steps you are taking will benefit you in the long run.

First, I want to applaud you who have just said yes to a Gano Excel business for the first time. What an exciting change to bring into your life as a new year is underway! The wonderful health benefits of Ganoderma-enriched products are an unparalleled pleasure to share with others and help make their lives better in some way, big or small. It will bring a smile to your face and warmth to your heart listening to the many stories your customers will recount to you of how Ganoderma lucidum changes their lives.

You've also invested in a way to expand your wealth. Building an organization will take time, but the education, motivation, and encouragement you pour into your business can lead to a new lifestyle with more freedom, more time, more choices, and more money. Likewise, you will see others you mentor succeed in their business as they've never done before in their life. Raising others up gives you a great sense of purpose and pride that will stay with you for a long time.

Many of you who have been with us for some time know exactly what I'm referring to about sharing health and expanding wealth. You've experienced it firsthand. I'm proud to see you continue to take steps to grow and improve. You're investing in education and training, like our Believe seminar in December. You're investing in relationships within the Gano Excel family that will improve teamwork and drive you to match or exceed one another's achievements. And most of all, when you invest in your Gano Excel business, you are truly investing in yourself. You choose to believe in what you can accomplish. You see the potential you can reach. You see the life that you can live.

We've got amazing things in store for you this year to help you reach your goals. Stay connected, so you won't miss a beat.

Sincerely,

Mr. Ooi Chin Aik,
Chief Executive Officer, Gano Excel | North America

Interviews With

DIAMONDS

Diamond, Martina Juarez Longmont, CO

When a friend shared Gano Excel's natural, revitalizing beverages with Martina Juarez, her whole world was being shaken to its core. Her husband, the love of her life, was bedridden after suffering several strokes. Her mother left the hospital confined to a wheelchair or a bed and was given only three months to live. To make matters more difficult, the pandemic had closed many avenues for Martina to work and support her family on her own. Not to mention, she was fighting a few health battles herself. She's always been a fighter, but the weight of everything together was nearly unbearable.

That's when Carmen Sosa shared the benefits of Ganoderma lucidum, an immunomodulating herbal mushroom known in Asia to promote balance, mental clarity, and overall good health. Its antioxidants and phytonutrients work to reduce stress on essential functions such as the immune system, circulation, and detoxification. Martina began to see a difference in her health and immediately recommended the products to her mother. What happened next was incredibly special. Her mother's health improved.

Today, her mother no longer needs a wheelchair or in-home caregivers. Because of the very special outcome her mother experienced, Martina is passionate about recommending Gano Excel's products to everyone. She knows it's not meant to treat disease, but she believes in the functional benefits Ganoderma provides to support the body.

Her family continues to be her "Why" – her reason for fighting every day, no matter the obstacles. When she joined in August 2020, she heard many people make excuses (and still do to this day) about what prevented them from taking action, making money, and earning the lifestyle they wanted. Martina decided she would succeed when others were sitting back. Despite having limited opportunities to socialize, she met more people, gain more customers, and shared more products during that season than she ever did, before or since.

She loves that sharing Gano Excel with others is so different from her previous direct selling job. She's no longer pressured to make a sale from a book. Instead, Gano Excel's delicious and potent Ganoderma-enriched products speak for themselves. Rather than chasing people down, her customers come to her asking her for more. Not to mention, she earns excellent compensation that has allowed her to break free from living paycheck to paycheck. Now she can spend time with family and enrich the lives of her team.

Her secret is showing respect for people to make their own decisions, both about the product and the opportunity. She knows that each person is different. They are shaped by unique fears, hopes, desires, and talents. When someone makes a decision for themselves, there's an ownership that makes them a better customer or team member. Martina focuses on providing education and encouragement to prospective customers and team members. How's that going? She's achieved such success that last fall, she joined Gano Excel's Diamond ranks.

Martina likens her business to a harvest. She plans to continue "planting seeds" by sharing her Gano Excel story, tending to her soil, and waiting for the good fruit to arrive. She thanks her Diamond leaders, Ruben and Maggie Cardenas, for their support and guidance and wishes everyone a Happy New Year.

EMERGING LEADERS

Araceli Corona - Gold Riverside, CA

Araceli Corona discovered Gano Excel in 2015 and fell in love with the wonderful benefits of Ganoderma lucidum. GanoCafé helped her think more clearly and accomplish more with her day. She decided to do her homework about Gano Excel, and the more she learned, the more she loved the company. Mr. Leow's design for Gano Excel was to create crave-able products that sell themselves and a compensation plan that rewards you for helping others succeed.

In 2018, she committed to developing her business professionally. When she enrolled, something she did not expect happened. Her leaders continued to call and offer training and support. After years with companies that only cared about her money, it was refreshing to become a member of the Gano Excel family that cares about her achieving her goals.

What's most valuable to Araceli is the person she has become. More than the money she's made every week and even the friends she has gained. It is seeing the development in herself that's priceless. Gano Excel has turned her life around 180 degrees. Her husband and six children now all love Ganoderma lucidum and support her 100 percent. Yet, she's been able to see past herself, and her reward and genuinely become more compassionate. Having a business centered on helping others has had a tremendous impact on her humanity. She couldn't be more thankful.

Diamond Rosy Licon's success story especially inspires her. Her persistence and fortitude encourage her when she feels challenged. Her advice is to embrace the work. Educate yourself on Ganoderma, the company, the process – everything. Fall in love with the products and company, and most of all, love your prospects. The results will come if you stay committed.

Luz Maria Gacia - Gold Harvey, IL

Luz Maria Garcia has made great strides in just a few months. She learned one year before enrolling that she needed to lose weight and control her blood sugar. So, Luz made a fitness plan and achieved her weight goals in no time. Yet, her blood sugar remained high. Months passed, and her doctors ruled out her diet as the problem. They believed it was stress that was causing her body to be imbalanced. That's when her friend Chely introduced her to Diamond Jesus Ruano.

Together, they discussed the benefits of Ganoderma-enriched products and the opportunity to build wealth with Gano Excel. Luz was ready to approach any solution with an open mind, so she invested in an ESP-1 for her own curiosity. She was amazed at what she felt. The stress in her body gave way to the revitalization of Ganoderma lucidum. She began to see gradual improvements in her health. Likewise, she has started to see the financial benefits of Gano Excel's 11 Ways to Earn.

She was impressed that Jesus and Chely were with her every step of the way. Luz calculated that between the potent products, excellent compensation, and extraordinary leadership, she had found the right company. She enrolled with the premium ESP-3 and achieved the Gold rank within only two weeks.

She is tremendously thankful for her Gano Excel family encouraging her to step beyond her comfort zone and reach for the life she deserves to live. She's now much more active in her community, with her business, and with fellow "women warriors" who support her pursuit of happiness. She is excited to begin training a team of her own to look beyond limitations and leave excuses behind. Her story is proof that change is possible when you maintain your vision and keep moving forward.

EMERGING LEADERS

Ismene Camarillo - Gold Baldwin Park, CA

Ismene Camarillo has known about Gano Excel for over a decade, but she committed to working on her business in 2021. What changed? Ismene started as a skeptic who didn't know what the company's health products had to do with a mushroom named *Ganoderma lucidum*. She "wrinkled her nose," Ismene said, recalling her dismissal of the herb-enriched coffee. To her delight, her first taste of GanoCafe immediately transformed her into a fan.

The soft, delicate flavor of GanoCafe 3-in-1 was a simple blend of roasted coffee, non-dairy creamer, and sugar, enriched only with Gano Excel's proprietary *Ganoderma lucidum*. It has no heavy syrups or artificial flavors that other coffees use. Next, she wanted to taste Schokolade, Gano Excel's premium hot chocolate beverage. She offered this to her son and daughter. Her teenage daughter was experiencing health issues that affected her normal activities, such as basketball and school. However, with the balance and support from *Ganoderma*, she was able to do the things she loved again.

Ismene began sharing her "secret" with other moms at her daughter's school, and that's when the lightbulb lit up for Ismene. She was ready to share Gano Excel with her network and create additional income for herself while doing it. Now, she feels like an entrepreneur with a mission centered on helping other families like hers. She's excited to continue developing herself and her wealth and see how much she can achieve. She encourages everyone, including herself, to arm themselves with education and knowledge in order to constantly grow and do more.

Maria Pelayo - Gold Reseda, CA

Maria Pelayo is celebrating her two-year anniversary with Gano Excel this January. She and her family all enjoy *Ganoderma*-enriched products for the benefit to their health. At the same time, the impact this business has had on her lifestyle makes Maria treasure Gano Excel. The purpose of her Gano Excel business has always been her three children. She wanted a flexible work schedule to allow her to spend more time with them.

She's thankful that with Gano Excel, she works at her own pace, on her own schedule. She's fulfilling her dream of giving her children a better quality of life. Now, when she attends their school events, they notice she's there to cheer them on. When she sits down and helps them with their homework, they see the difference. She also has time and money to take them on excursions to local attractions and theme parks.

She has a new independence thanks to the time saved and money earned with Gano Excel. She dreams of owning a house and is making her plan to achieve that dream. What's inspiring about Maria is that others follow her lead. Maria trains each new enrollee to leave their employee mindset behind and become independent, capable leaders. She emulates the style of her mentor, Veronica Alonso.

Maria has her eyes set on achieving a Diamond rank before the year ends. She encourages everyone to have big goals for themselves and to stay committed to reaching them with Gano Excel.

LIVING UP TO OUR FULL POTENTIAL

We are proud to see Gano Excel Affiliates answer the call for personal growth that helps them achieve success in their businesses. Building a better life is not simply a dream. With responsibility, commitment and effort, the life they want for themselves is becoming a reality. It extends beyond them to their families and communities, building a more harmonious world, one home at a time, one cup at a time.

These Affiliates have grown to let go of negativity, embrace communication and action, and adopt a lifestyle of sharing. These simple, powerful commitments have led their teams to success. We celebrate the following Affiliates that have embraced the learning process and have achieved new ranks while embracing personal growth!

THE 5 THINGS YOU NEED TO KNOW

About The Smart Mushroom, *Ganoderma lucidum*

Ganoderma lucidum is considered an **herbal mushroom**, because it is used in traditional medicines for its beneficial properties to human health.

(It is not poisonous or hallucinogenic.)

Ganoderma lucidum is taken **proactively** to promote balance and efficiency within the body. This means it is best taken as part of a healthy lifestyle and it is not meant to treat specific symptoms or diseases.

Ganoderma lucidum contains **bio-active** compounds that help human cells excel at what they do, from important immune system cells down to even skin and hair cells!

Ganoderma lucidum helps the body become **bio-available** for vitamins and nutrients from other foods that you eat, which on top of its own nutrients makes it a super supplier!

Ganoderma lucidum has a very bitter taste, so it isn't found often in cooking. Instead, extract is used to **enrich** everyday products such as coffee, tea, and cereal.

THE BENEFITS OF GANODERMA LUCIDUM

Ganoderma's nutritious fruiting body and mycellium have shown to have a positive impact on health! Regularly and proactively ingesting the **Smart Mushroom** can help achieve positive balance within the body. This allows for optimum performance and prepares the body to deal with stress.

These positive benefits include:

- Helps support the immune system
- Oxygenates the body
- Increases energy levels
- Detoxifies and cleanses the body
- Helps fight inflammation
- Supports circulation
- Naturally balances blood sugar levels
- Promotes cellular rejuvenation
- Promotes sexual stamina
- Tames allergies
- Enhances sleep
- And much more...
