DIAMONDS

José Lopez - Miami, FL

Premier Diamond, José Lopez has been a Gano Excel Affiliate for nine years, but his journey to the company was different from most. As a business coach in Colombia, he had experience working with companies in the network marketing industry. When he discovered Gano Excel, he was impressed by the product, corporate team, and vision. Lopez joined Gano Excel and has since seen tremendous growth and benefits in his life, including more money, time, love, health, and personal and professional development. He practices what he preaches as a coach, expanding consciousness and seeing the bigger picture. Lopez has been living in Miami for six months, working hard to grow his business and support other leaders from different organizations. He believes that unity is the key to success and that Gano Excel has the potential to expand throughout the United States. Three people have been important mentors to him in the business: Mr. Leow Soon Seng, Mr. Aik, and Royal Diamond, Andrés Guzmán, each teaching him important lessons about service, teamwork, commitment, and passion. Through Gano Excel, José has learned that real growth comes from serving and helping others, embodying the spirit of the company's vision.

José Lopez, is a true inspiration when it comes to responsible expansion and team growth. He and his family relocated to Florida in August with a clear vision and commitment to hard work.

José and his team have been attracting new people and creating a unified community. Their philosophy is centered around the basics, such as teaching individuals how to present the opportunity of Gano Excel, organizing coffee breaks, group meetings, and product demonstrations. They've also created small events and groups in different areas of the city to nurture these events.

The key to their success has been consistent work on these individual activities every day, building up to larger events. José's team has worked together, regardless of Diamond lines or strategies, to create a unified community.

José's commitment to responsible expansion and team growth is truly inspiring. He and his team hope to continue growing and expanding to other cities with the support of the Gano Excel and their teams. They understand that it's not just about adding people in other cities or locations, but taking responsibility for supporting the growth of the team as a whole.

Interviews With

DIAMONDS

Marivel Santoyo - OK, TX, MN, NE, CO

Meet Marivel Santoyo, a dynamic Executive Diamond with a passion for growth and expansion. She discovered the business opportunity of Gano Excel in 2010 but didn't decide to pursue it until 2016. She was so committed to becoming a professional in the field that she resigned from her job to focus on Gano Excel. Inspired by her father's improved health and her colleagues' success, Marivel knew she made the right decision. Her Gano Excel earnings were five times more than her previous job, providing financial freedom and better opportunities for her family. Marivel believes that knowing one's potential, seeking mentors, and having a clear, focused, and happy mindset is the key to success.

She firmly believes that commitment is the key to success and is dedicated to helping others achieve their dreams. For Marivel, the first step in expanding to new states and working with new Leaders is to find the right people to work with. She emphasizes the importance of finding people who are trainable, willing to learn every detail, and above all, committed to the team's goals.

Marivel's commitment to her work inspires others to do the same. When one person takes a step forward, she will take two to support them. Her commitment to her team opens the door to a greater commitment from others, leading to exponential growth and success. She knows that the success of any team or organization depends on the commitment of its members.

When Marivel proposes an idea to a potential Leader, she always ensures that they are teachable and trainable, asking them questions and assessing their hunger for success. If she finds that they are a good fit for the team, she proposes opening a new state together. She encourages the individual to take on the role of the team's leader and commit to the team's goals. But Marivel is always there to support and guide them every step of the way, making sure that they never feel alone.

Marivel believes that two heads are always better than one. When two people come together, they can accomplish much more than one person alone. Once a potential Leader is on board, Marivel encourages them to find their first three to five key people to help build an elite team. The team works together to plan conferences and events that are not only successful but also enjoyable and fulfilling for everyone involved.

Marivel's approach is results-oriented because she knows that commitment is the driving force behind success. Without commitment, ideas remain just that: ideas. It takes commitment from everyone involved to turn those ideas into reality. Marivel's dedication to her work has helped her achieve great things, and she is eager to help others do the same. Her commitment to growth and expansion is contagious, and she inspires others to find their own commitment and achieve their own dreams.

Interviews With

DIAMONDS

Jesús Ruano - IL, MN, IN, WI, MI

Diamond, Jesús Ruano discovered Gano Excel in 2012, but it wasn't until 2019 that he decided to turn it into his business. Since then, he has grown his network, generated residual income, and improved his quality of life. Jesús is grateful to Gano Excel for allowing him to fulfill his dreams and the dreams of his team. His priority is to focus on people and their needs, and provide them with the support and motivation they need to grow within the company. Royal Diamond, Rubén Cárdenas has been his mentor and taught him to focus on helping and serving others, and that economic benefits will come as a bonus.

Jesús has encountered numerous individuals with extraordinary talent, charisma, and remarkable leadership skills. For him, these qualities are the fundamental building blocks of success. Jesús has found people in Chicago, Minnesota, and other states who have been adversely affected by the industry. However, he believes that by focusing on their shared vision and working with the same principles of Mr. Leow, they can help one another achieve success.

For Jesús, helping people is the most crucial factor for success. He has instilled this idea in the minds of his team members, and they have all joined this collective vision of wanting to help. Through helping others, they have discovered that they can achieve a permanent residual income and financial freedom that lasts forever.

Jesús has always been a firm believer in leadership, empowerment, and training. He sets fixed goals and follow-up programs, and his team members regularly attend several events where they empower people through testimonials. The organization's growth in Chicago is a testament to the success of this approach.

Ganoderma has had a significant impact on Jesús's organization, and it works quickly and effectively. His expansion strategy is based on exploiting people's gifts and charisma, fundamental stacking, and the benefits of Ganoderma.

Jesús and his team have been working tirelessly for three and a half months, and everything they have achieved has been due to their unwavering belief in Gano Excel's Ganoderma and their willingness to share their testimonies. They have expanded their operations to Minnesota, Wisconsin, Indiana, Michigan, and Illinois, and have recently opened up in North Carolina and Atlanta!

Diamond Jesús Ruano believes that if people do not leave their comfort zones and share this opportunity with others, nothing will happen. With hope in his heart and a determination to succeed, he eagerly looks forward to the boundless possibilities that await him in the future. His unwavering optimism and tireless pursuit of his dreams are an inspiration to all who know him.

EMERGING LEADERS

Rosa Isela Prieto - Gold Minnesota

Gold Affiliate, Rosa Isela Prieto, began her journey with Gano Excel in late October 2020, but took a break for over a year due to personal reasons. She returned in September of last year, driven by her desire to help others improve their health and financial situation. Her husband's health struggles inspired her to join the company, and she has been able to assist many families since then.

Rosa Isela Prieto values the importance of building wealth for a dignified old age for herself and her husband, without relying on their children. She is passionate about working in the countryside and connecting with people personally, as well as preparing through virtual meetings.

Rosa is grateful for the opportunity to be part of a company that has helped countless families, particularly in times of health and economic struggles. She feels content and fulfilled as a member of the team. Through perseverance, humility, and a teachable attitude, she has benefited from not just one, but two mentors: Executive Diamond, Marivel Santoyo and Sabina Castelli. She recognizes the value of working as a team, and credits the success of her events to the support of her fellow members and corporate.

The events that Rosa Isela Prieto and her team have organized have reached an increasing number of people, thanks to the positive feedback and requests from the attendees themselves. They are now planning another event in the coming month, expanding to areas such as Iowa and South Dakota due to popular demand.

Rosa Isela Prieto's commitment to serving others, her passion for her work, and her willingness to learn and grow are qualities that inspire others to join her in making a difference.

Isidra Gutierrez - Gold Chicago, IL

Gold Affiliate, Isidra Gutierrez was introduced to Gano Excel by her daughter and a colleague, who invited her to a cup of coffee at their house. She tried a cup of tea and found it to be good. Her daughter and husband, who are coffee lovers, also decided to give it a try. Isidra found that Gano Excel's products helped her a lot, especially in terms of health. They began recommending it to sick and elderly people and received positive feedback. As a result, demand for the coffee increased.

She loved Gano Excel's compensation plan. The company's payment cycle of every eight days is faster than other companies. Health is her top priority, and economic benefits follow.

Through coffee breaks and events, Isidra and her team are expanding to different places. Diamond, Jesús Ruano has been supporting them since day one by teaching about the Gano Excel and the scientific aspects of the product. Her and her team are organizing events and expanding the business through word of mouth.

With the help of her team, Isidra is achieving her goals and sharing the benefits of GanoCafé with more people who need it.

LIVING UP TO OUR FULL POTENTIAL

At Gano Excel, we love to watch our Affiliates reach new milestones, grow their businesses and achieve the success that catapults them from one rank to the next. We recognize these wonderful Affiliates for their achievements, focus and dedication. Seeing the difference you are making is an incredible privilege. We know that when we focus on the positive and rewarding aspects of our business, we are working together as a team for the company and for each person's "why."

THE 5 THINGS YOU NEED TO KNOW

About The Smart Mushroom, *Ganoderma lucidum*

Ganoderma lucidum is considered an **herbal mushroom**, because it is used in traditional medicines for its beneficial properties to human health.

(It is not poisonous or hallucinogenic.)

Ganoderma lucidum is taken **proactively** to promote balance and efficiency within the body. This means it is best taken as part of a healthy lifestyle and it is not meant to treat specific symptoms or diseases.

Ganoderma lucidum contains **bio-active** compounds that help human cells excel at what they do, from important immune system cells down to even skin and hair cells!

Ganoderma lucidum helps the body become **bio-available** for vitamins and nutrients from other foods that you eat, which on top of its own nutrients makes it a super supplier!

Ganoderma lucidum has a very bitter taste, so it isn't found often in cooking. Instead, extract is used to **enrich** everyday products such as coffee, tea, and cereal.

THE BENEFITS OF GANODERMA LUCIDUM

Ganoderma's nutritious fruiting body and mycellium have shown to have a positive impact on health! Regularly and proactively ingesting the **Smart Mushroom** can help achieve positive balance within the body. This allows for optimum performance and prepares the body to deal with stress.

These positive benefits include:

- Helps support the immune system
- Oxygenates the body
- Increases energy levels
- Detoxifies and cleanses the body
- Helps fight inflammation
- Supports circulation
- Naturally balances blood sugar levels
- Promotes cellular rejuvenation
- Promotes sexual stamina
- Tames allergies
- Enhances sleep
- And much more...
