Diamond Highlight

Tomas Rodriguez - Royal Diamond (Texas)

Tomas Rodriguez, a Royal Diamond of Gano Excel USA, is no ordinary Leader. Hailing from the culturally rich Brownsville, Texas, Tomas has made an indelible mark on the world of network marketing, especially within Gano Excel. What initially drew Tomas to Gano Excel wasn't the promise of financial success, but its underlying philosophy. Struck by Mr. Leow's emphasis on spiritual growth and social contribution, Tomas saw an opportunity not just for personal growth but for transformative change.

However, like any journey, the road to success was punctuated with challenges. A significant hurdle for Tomas was adapting to the diverse cultures of the Americas, ensuring that the essence of Gano Excel's philosophy resonated consistently across countries. This required Tomas to merge his beliefs with each country's cultural nuances, creating a harmonious and impactful message.

Another transformative experience for Tomas was the SHARE events in Las Vegas and Chicago. These events solidified his belief in the power of Gano Excel to change lives. In Las Vegas, a moving encounter with a grateful family underscored the transformative impact of Gano Excel. Chicago, on the other hand, showcased the financial potential and community transformation that Gano Excel brings to the table.

Central to Tomas's success is his distinct approach to leadership. Instead of imposing a direction, Tomas identifies and aligns with his team members' passions, guiding them towards their individual goals. This personalized approach, emphasizing the heart over the mind, has been pivotal in creating a strong and inspired network.

With his personal and financial goals already achieved, Tomas now aims to build a legacy. His dream is to instigate social transformation across the Americas, fostering a culture of possibility over limitation. Through Gano Excel and his leadership academy, Tomas aspires to guide the next generation to success, proving that with passion and purpose, anything is possible.

Reyna Flores - Diamond (California)

Diamond, Reyna Flores provides a rare peek into her ascent within the ranks of the organization. Renowned for her strategic insight, Reyna emphasizes the importance of group strategies. "It's about identifying Leaders ready to expand the business, focusing on them, and bringing them together," she shares. Under her leadership, teams soon realized their financial potentials with many reaping the rewards of their hard work.

Reyna's vision also extends beyond team dynamics. She believes in exploring new horizons, venturing outside the comfort zone to attract fresh talent. Health stands out as her primary focus, noticing prevalent health concerns like diabetes and cholesterol in many individuals. It's her approach to addressing these issues that has led to significant enrollments, surpassing even her own expectations.

Aiming for the Global Achievers Convention and the opportunity to interact with top-tier business Leaders were key motivators for Reyna. "As a Platinum, I was always pushing boundaries, setting my sights on Diamond" she recalls.

For Reyna, the essence of success lies in passion, consistency, and tenacity. "Having the right DNA, as my colleague, Jesús Ruano aptly puts it, is vital. From the moment I wake up, it's about learning, sharing, and promoting the cycle of success." This commitment to success also requires a touch of humor, as she chuckles remembering a promotion where she wasn't sure of her placing but was elated with an unexpected outcome and rewards.

Her dedication is further highlighted by her approach to consistency. From client introductions to consistent earnings, she credits her discipline and daily efforts as the foundation of her achievements. But Reyna's journey is more than just business milestones; it's about dreams, motivation, and the heartfelt testimonials that keep her going.

As Gano Excel USA charts its future, Leaders like Reyna Flores, along with her colleagues such as Ruben Cardenas, Maggie Cardenas, Milka Becerras, and Ester Cuatle, ensure the organization's vision remains grounded in strategy, collaboration, and ambition.

Johanna Villegas - Diamond (California)

Gano Excel USA's young Diamond, Johanna Villegas, gives us an exclusive insight into her journey with the company. With six enriching years under her belt, Johanna began as a consumer, gradually ascending to a business role. It's been a familial partnership, working side by side with her mother, Executive Diamond Cecilia Villegas, and father, Diamond Salvador Villegas.

Johanna's transformation from a consumer to a Diamond highlights a tale of persistence, dedication, and personal growth. Her strategy? A solid customer base and consistent sharing of Gano Excel's premium health products. The journey wasn't just about business prowess; it was about personal development and making a genuine impact on people seeking health and financial wellness.

Her recent accolade in the "Excel Challenge" promotion stands as a testament to her exemplary skills. Johanna attributes her success to teamwork and a clear goal focus. She emphasizes the significance of tapping into company promotions, which often pave the way for extra bonuses, and sometimes, even exciting trips.

The upcoming Global Achievers Convention in Malaysia has Johanna's attention next. Viewing it as an unparalleled platform for growth, she intends to absorb the event's knowledge, foster relationships, and continually strive for excellence.

Johanna's motivational drive is rooted deeply in her dedication to Gano Excel and the lives of its customers. Working with a passionate team and the added bonus of partnering with her parents greatly contributes to her enthusiasm. Her advice to new entrants in direct sales resonates with her journey: adopt a growth mindset, continuously self-improve, remain resilient, and stay focused. As she rightly puts it, success in sales is a journey that demands commitment and a positive spirit.

EMERGING LEADERS

Sofia Gallegos - GOLD (Kansas)

Sofia Gallegos, originally from Chihuahua, Mexico, embarked on a new chapter when she arrived in the United States in 2000. Her remarkable journey with Gano Excel, a company and product she was previously unfamiliar with, began in December 2016.

What ignited Sofia's involvement in this endeavor was her deep-seated love for coffee. Despite her fondness for it, she refrained from enjoying coffee at home due to concerns, especially for her children's well-being. However, this cautious approach underwent a transformation when she discovered Gano Excel's health-conscious coffee, renowned for its delightful flavor and health benefits. The captivating taste marked a pivotal moment, leading to one of the most significant decisions of her life. Initially drawn by the flavor alone, Sofia was oblivious to the multitude of advantages the product offered. When she learned that she could secure it at a more economical price by enrolling directly with the company, she seized the opportunity.

Approaching her fifties, Sofia attributes her health to both God and Gano Excel's products. Despite her mother's struggles with diabetes and blindness, Sofia remains symptom-free and credits the product for her well-being.

Sofia, serving as both mentor and Affiliate, imparts knowledge through phone calls and, whenever possible, in-person interactions. She underscores the importance of connecting her team with diverse leaders to enhance their learning experiences.

God holds a special place as Sofia's primary mentor, emphasizing the significance of compassion for people in the Gano Excel community. She sets ambitious goals, aiming to reach the next rank by year-end and advance two ranks higher within a year.

Reflecting on her journey, Sofia's advice to new Affiliates is to maintain unwavering focus and stay committed to Gano Excel's teachings and strategies. She acknowledges her past distractions and underscores the value of consistent learning.

She extends her sincere appreciation to the Gano Excel team, with a special mention of Mr. Leow Soon Seng, for their role in bringing health and wealth to many. She firmly believes that Gano Excel and Ganoderma offer benefits that are accessible to all.

EMERGING LEADERS

Laura Espinoza - GOLD (Minnesota)

In just 11 months, Minnesota's Laura Espinoza, a fervent Gano Excel Affiliate, reached Gold, beginning her journey in October 2022. Her ascent not only speaks volumes about her steadfast determination but also reflects her unshakeable belief in the efficacy and health benefits of Gano Excel products.

Laura was drawn to Gano Excel out of a genuine passion for the company's health-focused products. The decision to join and endorse these products was straightforward, stemming from her desire to share their impressive health benefits with a broader audience. This conviction, coupled with witnessing transformative effects on her and her family's health and well-being, fortified her commitment to the company.

Within the organization, Laura actively leads her team's growth and development, often teaming up with her mentor, Jesús Ruano, to host educational events. Events like the "Super Saturdays" in Minnesota, are platforms where information about the business and the advantages of Gano Excel products is taught. Through team meetings, they brainstorm and strategize to navigate and succeed in the competitive industry successfully.

Mentors Graciela Ortiz and Diamond, Jesús Ruano have been pivotal in Laura Espinoza's journey, imparting values of diligence, visionary thinking, and relentless pursuit of goals. Their guidance helped her navigate through challenges, turning seemingly closed opportunities into open doors. Espinoza, with eyes set on the coveted Diamond rank, has charted ambitious plans for the future. She is not just focused on her ascent but is equally invested in mentoring and supporting her team to reach their respective milestones of success.

To those stepping into the realm of Gano Excel, Laura advises unwavering perseverance. "Irrespective of the number of setbacks, rise, and persist, as the rewards are worth the effort. Success is inevitable for those who insistently strive and persist," she asserts.

Laura Espinoza's journey is a tapestry of dedication, strong belief in Gano Excel products, and an indomitable will to succeed, serving as a luminous beacon of inspiration for all aspiring big dreamers in network marketing.

Lupita Lara - GOLD (Denver)

Lupita Lara, a Denver Affiliate of Gano Excel USA, shares her inspiring journey. She first encountered Gano Excel in 2016, introduced to it by Marivel Santoyo. However, it wasn't until 2020 that Lupita decided to share this remarkable product with a broader audience. At that time, she was navigating the challenges of menopause. After attending an event with Marivel and witnessing numerous success stories, she took the leap, and her husband joined her on this journey.

Lupita felt compelled to share Gano Excel because she saw it as an unparalleled business opportunity, unlike anything she had experienced before. The driving force behind her decision was the genuine health benefits she witnessed, which resonated with her desire to make people feel better. For Lupita, the satisfaction of sharing this gift was immeasurable, akin to sharing a cup of coffee with others.

Gano Excel transformed Lupita's life, providing her with the financial freedom she sought. Receiving checks every eight days became a source of pride. As she embraced this path, she realized her potential for growth and self-improvement.

Lupita's approach to leadership involves empowering her team. She encourages them to introduce her to their contacts, facilitating teaching and training opportunities. Beyond conventional settings, she meets people from diverse backgrounds and is always ready to guide those who are willing to learn how to generate income regularly.

Marivel Santoyo serves as Lupita's mentor, inspiring her to keep moving forward. Lupita is committed to following in her mentor's footsteps, learning everything she can on her journey to success.

Her ultimate goal is to reach Royal Diamond, and she remains unwavering in her pursuit. Lupita understands that challenges may arise, but she's determined to find and train future Diamonds along the way.

For those embarking on a similar journey, Lupita offers valuable advice: be teachable, accept help, and stay connected with those guiding you towards your goals. Her commitment to helping others achieve their dreams shines through, as she stands ready to support those who aspire to reach the Diamond rank.

LIVING UP TO OUR FULL POTENTIAL

We are so incredibly proud of each of these individuals who are making a difference through the simple, but powerful, act of sharing. They have reached out and connected with others, going beyond their comfort zones. They have created a solid network by building one relationship at a time. It has allowed them to earn and advance in their businesses simply by sharing Gano Excel's products and opportunities. Now, we are happy to share in the excitement of their success! Watching each person grow, achieve and discover a new definition of what is possible for them is a fulfilling experience. We love to watch as an Affiliate's belief in a dream becomes a dream come true.

Join us in offering our sincere congratulations to the following Affiliates who have made it a priority to SHARE. From everyone at Gano Excel, congratulations!

THE 5 THINGS YOU NEED TO KNOW

About The Smart Mushroom, *Ganoderma lucidum*

Ganoderma lucidum is considered an **herbal mushroom**, because it is used in traditional medicines for its beneficial properties to human health.

(It is not poisonous or hallucinogenic.)

Ganoderma lucidum is taken **proactively** to promote balance and efficiency within the body. This means it is best taken as part of a healthy lifestyle and it is not meant to treat specific symptoms or diseases.

Ganoderma lucidum contains **bio-active** compounds that help human cells excel at what they do, from important immune system cells down to even skin and hair cells!

Ganoderma lucidum helps the body become **bio-available** for vitamins and nutrients from other foods that you eat, which on top of its own nutrients makes it a super supplier!

Ganoderma lucidum has a very bitter taste, so it isn't found often in cooking. Instead, extract is used to **enrich** everyday products such as coffee, tea, and cereal.

THE BENEFITS OF GANODERMA LUCIDUM

Ganoderma's nutritious fruiting body and mycellium have shown to have a positive impact on health! Regularly and proactively ingesting the **Smart Mushroom** can help achieve positive balance within the body. This allows for optimum performance and prepares the body to deal with stress.

These positive benefits include:

- Helps support the immune system
- Oxygenates the body
- Increases energy levels
- Detoxifies and cleanses the body
- Helps fight inflammation
- Supports circulation
- Naturally balances blood sugar levels
- Promotes cellular rejuvenation
- Promotes sexual stamina
- Tames allergies
- Enhances sleep
- And much more...
