Enriched with a plethora of amazing natural ingredients, including the esteemed Ganoderma lucidum, it's designed to nourish and rejuvenate your skin like never before. These launches are not just about expanding our product line; they are about enhancing the lives of our customers and Affiliates through the power of Ganoderma.

But that's not all. This year, we are also excited to host a series of SHARE regional events across the United States. These events are designed to foster community, learning, and growth among our Affiliates. They will serve as platforms for sharing success stories, learning from each other, and building stronger networks. These gatherings reflect our unwavering commitment to you who are the very heartbeat of Gano Excel USA.

Speaking directly to you, our valued Affiliates, I want to express my deepest appreciation for your relentless dedication and hard work. Maria Elena Arciga - Diamond (Illinois)

Maria Elena Arciga's journey with Gano Excel USA is a story of perseverance, learning, and triumph. Initially captivated by the leadership within the company, particularly the infectious passion of Premier Diamond, Jesús Ruano. Arciga found herself deeply impressed and saw in Jesús not just a leader but a mentor from whom she could learn extensively.

Maria's time with Gano Excel has been transformative. Witnessing numerous success stories, she has seen many improve their lives rapidly, a testament to the company's impact. The journey, while challenging, has been rewarding, teaching her that nothing is impossible. This belief is bolstered by the company's vision, crafted by its President and Founder, Mr. Leow Soon Seng, aiming to spread health and wealth globally.

Remarkably, Maria ascended to the Diamond rank within a year, a feat that surprised even her. This achievement was not a planned goal but a result of consistent effort and dedication. She focused on self-education and team building, embodying the role of a mentor and a role model. Embracing the Gano Excel system wholeheartedly, she followed her mentor's guidance diligently, always eager to learn and apply new strategies.

Arciga's backstory is equally inspiring. A Mexican immigrant, she moved to the United States 29 years ago, starting her journey in California, working in demanding field jobs. Seeking better opportunities, she moved to Chicago, transitioning to factory work. Despite spending two decades in various jobs, her aspiration for more never waned. Her venture into network marketing didn't fulfill her expectations, but her encounter with Gano Excel a year ago marked a turning point. She found in Gano Excel the ideal combination of product quality, leadership, and a rewarding plan.

Maria emphasizes the importance of continuous learning and using effective tools for personal and professional growth. She considers herself a tool for others, constantly striving to educate herself to better guide and inspire her team. Participation in company events like seminars and conventions is crucial, she believes, for realizing the true potential of Gano Excel.

Her mentor, Premier Diamond Jesús Ruano, is a key influence in her life. She follows his advice almost religiously, learning to approach her work with passion, ethics, and discipline.

Looking forward, Maria is determined to elevate her team to new heights in the coming year. She views the past year as a preparatory phase and is set to embark on 2024 with renewed vigor and a focus on team success.

Maria's advice to newcomers is to start fearlessly, with a focus on acquiring knowledge about the company and its products. However, she urges them to go beyond monetary goals and focus on how many lives they can positively impact. By maintaining this vision, she assures, the path becomes easier and more fulfilling.

EMERGING LEADERS

Ana Barona Sanchez - Gold (California)

Ana Barona Sanchez, originally from Guerrero, Mexico, migrated to the United States over 30 years ago with her family. Initially involved in traditional businesses like jewelry sales, her journey with Gano Excel USA began through her mother's discovery of the company's natural products, a significant find given Ana's diabetic condition. Despite not being a coffee drinker, Ana was intrigued by the product's popularity and market potential. She learned that coffee is the second most consumed beverage after water and a highly traded commodity.

Ana's interest in Gano Excel deepened upon realizing the opportunity to distribute a product that not only offered health benefits but also provided financial rewards. After running a successful jewelry business for 26 years, she made a bold decision to close it and dedicate herself fully to Gano Excel, attracted by the company's presence in over 70 countries and its lucrative commission system.

Her dedication to Gano Excel is driven by her passion for helping others improve their health and well-being. Ana finds immense satisfaction in hearing from people who have benefitted from the products she introduced them to. She values the company's response during the pandemic, which allowed her to continue her work even when hospitalized, demonstrating the flexibility and resilience of Gano Excel's business model.

Before joining Gano Excel, Ana encountered challenges with other multilevel marketing companies, but she found Gano Excel's system exceptionally rewarding. She invests in training her team, promoting personal growth and professional development through various channels such as personal meetings, virtual sessions, and encouraging continuous learning.

With Gano Excel, Ana envisions reaching a global audience, extending beyond the 14 countries where the company is already established. She aspires not just to achieve the crown diamond status but to surpass it, driven by the daily satisfaction of meeting goals and the impact she makes in the lives of others. Ana's story is one of perseverance, transformation, and success, embodying the spirit of an emerging leader in the world of network marketing.

Kelly Alvarez - Gold (California)

Kelly Alvarez's journey with Gano Excel started at a young age, driven by her quest for health solutions. Diagnosed with migraines at eight, Kelly struggled academically due to frequent, debilitating episodes. Despite extensive medical consultations, relief remained elusive until she started using Gano Excel's products. Remarkably, her migraines ceased, marking a turning point in her life.

This experience not only improved her health but also provided a supplementary income stream, enhancing her financial stability. A pivotal moment in Kelly's time with Gano Excel was co-hosting the GE Seminar: EVOLVE. Despite initial nerves, she found the experience enriching, gaining a deeper commitment to her leadership role. This event opened doors for further opportunities, like leading a Zoom meeting to present the company's opportunities, bolstering her confidence in her leadership journey.

Before her involvement with Gano Excel, Kelly balanced two jobs while attending college. Recognizing the potential in Gano Excel's business opportunities, she decided to focus her efforts on the company, confident in the prospects it offered.

As a Gano Excel USA leader, Alvarez employs strategies like active listening to build trust with her team. She believes in sharing the business opportunity widely, knowing that each interaction could reveal a valuable team member. Her mentors, including her mother Diamond, Omaira Barreto, and Royal Diamonds Maggie and Ruben Cardenas, have taught her the importance of sincerity and generosity in her endeavors.

Looking forward, Alvarez aims to expand the company's reach and inspire younger generations. She aspires to achieve the title of Diamond in the coming year. Her advice to newcomers is to embrace the opportunity Gano Excel offers, moving beyond conventional job norms to achieve a life of Health and Wealth.

EMERGING LEADERS

Marvin Colindres - Gold (California)

Marvin Colindres, a Gold leader at Gano Excel USA, and his wife Iris have undergone significant personal growth through their involvement with the company. Their challenging journey began in 1994 when Marvin suffered a severe traffic accident, leading to multiple surgeries, including a Splenectomy, which severely weakened his immune system. Complications from gallstones later caused severe acute biliary pancreatitis, requiring gallbladder removal.

During these health trials, Marvin discovered Ganoderma lucidum from Gano Excel, a product he credits with strengthening his immune system and profoundly affecting his and Iris's lives. This experience ignited their dedication to Gano Excel's mission of enhancing health and well-being through natural products. Since 2019, the couple has been actively promoting Ganoderma lucidum, earning recognition and advancement within the company. In 2023, Marvin hosted the GE Gala, marking his commitment to the Gano Excel family.

Before migrating to the United States in 2000, Marvin's diverse background included a diploma in Elementary Education and Adult Education, experience in computer systems, and work in radio and music production. In the U.S., Marvin and Iris ventured into entrepreneurship, managing businesses in event planning and real estate, alongside their central role in Gano Excel, which introduced them to Network Marketing.

Marvin leads his team by example, demonstrating love and conviction for their work. He and Iris have created a YouTube channel for training, emphasizing active participation in events. Influenced by various mentors and authors, they focus on the human aspect of the profession. Looking ahead, Marvin aims to support others in their Gano Excel journey, helping them achieve their goals. He encourages new members to find their inner strength and advance in leadership, contributing to the overall mission and well-being of the Gano Excel community.

Monica Bolivar - Gold (Florida)

Monica Bolivar, a mother of four from Venezuela, has been living in the United States for nine years. With a background as a successful entrepreneur, including running a textile company in Venezuela and a gold trading company in the U.S., Monica faced bankruptcy during the pandemic. This setback led her to seek a new opportunity, which she found in Gano Excel, a decision she attributes to divine guidance.

Despite initially joining Gano Excel for financial reasons, Monica's journey evolved into a deeper passion for the work and the positive impact she could make on people's lives. Her belief in the products' ability to improve health and quality of life has become her primary motivation, with financial rewards becoming secondary.

Monica credits her mentor, Rafael Guzmán, for her growth and success in the business. Rafael, a Premier Diamond of Gano Excel, instilled in her the principle of edification and the importance of building a business based on solid values. Under his guidance, Monica has grown a significant network of hundreds of people, all benefiting from Gano Excel's health products.

Monica's business strategy is shaped by her past experiences as an entrepreneur. She recognizes the difficulties associated with conventional business endeavors and values the easy accessibility and high success prospects offered by Gano Excel. She emphasizes the importance of faith, consistency, and having a big dream to anyone starting in the business. Her motto encapsulates the essence of her mission: "People may forget to take their medicine in the morning, but they will never forget to drink their coffee. And what if health is in that coffee?"

Looking forward, Monica is excited about the first regional event on the east coast of the United States, seeing it as a historic opportunity for leadership and growth in Florida. She remains committed to her belief in the transformative power of Gano Excel, both for health and financial prosperity.

THE 5 THINGS YOU NEED TO KNOW

About The Smart Mushroom, *Ganoderma lucidum*

Ganoderma lucidum is considered an **herbal mushroom**, because it is used in traditional medicines for its beneficial properties to human health.

(It is not poisonous or hallucinogenic.)

Ganoderma lucidum is taken **proactively** to promote balance and efficiency within the body. This means it is best taken as part of a healthy lifestyle and it is not meant to treat specific symptoms or diseases.

Ganoderma lucidum contains **bio-active** compounds that help human cells excel at what they do, from important immune system cells down to even skin and hair cells!

Ganoderma lucidum helps the body become **bio-available** for vitamins and nutrients from other foods that you eat, which on top of its own nutrients makes it a super supplier!

Ganoderma lucidum has a very bitter taste, so it isn't found often in cooking. Instead, extract is used to **enrich** everyday products such as coffee, tea, and cereal.

THE BENEFITS OF GANODERMA LUCIDUM

Ganoderma's nutritious fruiting body and mycellium have shown to have a positive impact on health! Regularly and proactively ingesting the **Smart Mushroom** can help achieve positive balance within the body. This allows for optimum performance and prepares the body to deal with stress.

These positive benefits include:

- Helps support the immune system
- Oxygenates the body
- Increases energy levels
- Detoxifies and cleanses the body
- Helps fight inflammation
- Supports circulation
- Naturally balances blood sugar levels
- Promotes cellular rejuvenation
- Promotes sexual stamina
- Tames allergies
- Enhances sleep
- And much more...
