Romina Gilmore - Executive Diamond (California)

Romina Gilmore's journey with Gano Excel USA is a testament to perseverance, growth, and the transformative power of seizing opportunities. 2024 marks seven years since Romina embarked on a path that was both challenging and rewarding with Gano Excel. Despite the hurdles, her unwavering commitment and constant quest for improvement have been the cornerstones of her success as an Executive Diamond. Her journey is not merely about personal achievement; it embodies the essence of leadership and the impact of nurturing a vision beyond the immediate horizon.

Before Gano Excel, Romina led a conventional professional life, devoid of any business or sales experience. Her background in business administration and hotel and tourism management did little to prepare her for the entrepreneurial leap she would take. Romina's transition from a traditional 9-to-5 job to embracing the network marketing model was sparked by her first eye-opening trip to Malaysia. This journey was not just a physical one but a pivotal moment that expanded her understanding of Gano Excel's potential — both as a business opportunity and a means to impact lives.

Romina's narrative is not just about her rise within Gano Excel but also about the shift from having an employee mindset to becoming a beacon of empowerment and inspiration. Her approach to promotions, her unwavering belief in the potential of her team, and her philosophy that "promotions are there to be earned" have fostered a culture of achievement and self-belief within her team. Her success and the success of her team in excelling in company promotions, including a well-deserved trip to Punta Cana this year, stand as a testament to her leadership and vision.

Looking ahead in 2024, Romina's goals are ambitious yet grounded in the success of her team. Her determination to secure the Premier Diamond rank and to foster Diamonds within her organization underscores her belief in collective progress. The development of her team in the San Fernando Valley, with plans to organize high-attendance events, reflects her strategic approach to growth.

Romina Gilmore's relationship with Gano Excel transcends the boundaries of mere business success; it's deeply interwoven with her personal aspirations and dreams. At the heart of her journey lies a profound desire to change her family's legacy positively. Romina envisions a future where her grandchildren remember her as the catalyst for breaking the cycle of financial struggle, a testament to the transformative power Gano Excel has bestowed upon her. Her faith in what Gano Excel offers is steadfast, supported by experiences that underscore its impact on her life.

A memory that captures this impact took place during a trip to Europe. Surrounded by the serene beauty of the Alps, with her children at ease beside a pool, a moment of professional engagement brought unexpected emotions. Opening her laptop to see continuous earnings while being on vacation was a powerful reminder of the opportunities Gano Excel affords. This moment, filled with overwhelming gratitude and reflection, emphasized the stark contrast between her current realities and the possibilities that would have remained unexplored without Gano Excel.

This story, engraved in Romina's heart, serves as a beacon of what is achievable. It's not just about financial success but about creating a life filled with joy, gratitude, and the power to shape a legacy that transcends generations.

EMERGING LEADERS

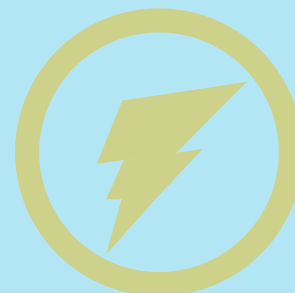

Mary Maldonado - Gold (California)

Mary Maldonado's journey with Gano Excel USA began in 2010, sparked by a quest for health that led her to discover the benefits of Ganoderma. It was through the encouragement of friends that she first encountered this life-changing product. Primarily driven by the desire to address her daughter's asthma, Mary found Ganoderma to be a pivotal remedy. The impact was profound; her daughter, once reliant on a nebulizer and medications, now thrives at 17, excelling in activities such as playing the saxophone, participating in the Guelaguetza dance, and even completing a marathon in middle school. Additionally, Mary's personal commitment to integrating the Classic coffee into her diet and making lifestyle adjustments led to a significant weight loss of 40 pounds, underscoring the transformative power of Gano Excel's products in her family's life.

Mary's ascension to the Gold rank within Gano Excel USA is a testament to her clarity, determination, and focus. Initially believing the responsibility for success lay with her upline, she soon realized the importance of taking charge of her own business. This epiphany was crucial, propelling her to embrace personal growth through reading, workshops, and teaching others. Mary stresses the importance of self-belief, discipline, and a positive attitude as foundational elements for success. She emphasizes the essence of leadership as being service-oriented rather than seeking power, showcasing her dedication to fostering a supportive community within Gano Excel.

The initiation of Zoom meetings by Mary further exemplifies her leadership and commitment to spreading Gano Excel's opportunities. These sessions have not only enabled her to connect with and inspire others but also facilitated her own growth by learning from the experiences of Diamonds from various countries. Embracing technology and continuous learning has been key to her business's expansion and personal development.

As 2024 unfolds, Mary sets her sights on reaching Diamond. Her strategy emphasizes being a genuine advocate for Gano Excel's products and mission, alongside leveraging social media and personal interactions to spread awareness. Mary's journey is punctuated by a deep belief in the power of visualization, gratitude for the opportunities Gano Excel has afforded her family, and a commitment to service and support to others. Her story is a compelling narrative of perseverance, innovation, and the transformative power of belief, serving as an inspiration for anyone seeking to achieve their dreams within the Gano Excel community and beyond.

EMERGING LEADERS

Maria Duarte - Gold (California)

Maria Duarte's story with Gano Excel USA starts out of a simple appreciation for their coffee's taste, long before she was aware of its health benefits. Her relationship with the company took a pivotal turn in October 2022 following a breast cancer diagnosis. Encouraged by her sponsor, Diamond - Claudia Voigt, to consume the product and its capsules faithfully and in significant quantities, Maria experienced a remarkable improvement in her condition. This improvement was so notable that by December 2022 the tumor was removed! Throughout her radiation treatments in early 2023, she remarkably felt no adverse symptoms, a testament to the benefits she attributed to Gano Excel's products. Inspired by her recovery, her family and friends began to notice and experience the benefits for themselves, prompting Maria to share the product more widely, driven purely by her belief in its impact on her health.

Achieving Gold Affiliate status was a milestone Maria reached somewhat unexpectedly. She began by sharing her personal experiences and the product's benefits, gradually falling in love with the product. Despite her initial disinterest in the business aspect, the constant support and encouragement from Claudia played a crucial role in her achievement. Facing health challenges along the way, Maria's determination was fueled each day by her improving condition, overcoming the fear that her health might hinder her progress.

Maria's success in Texas is a narrative of dedication and personal testimony. She openly shares her story with everyone she meets, driven by a belief in the importance of health and the remarkable effects of Gano Excel's products. This strategy has not only fostered growth in the region but has also built a community of leaders and advocates for the product.

Her venture into network marketing with Gano Excel represents a significant shift from her previous experience in traditional business in Mexico. Maria's approach is unique; she does not sell but shares her experience, encouraging direct affiliation with the company. This method has cultivated a growing team, with weekly meetings that started with a handful of members and expanded as more people joined to share their testimonies. The community's strength is evidenced by several of her partners reaching Gold and the collective effort to participate in meetings and leadership events.

Reflecting on her journey, Maria expresses deep gratitude towards Gano Excel, Claudia Voigt, and the entire Affiliate community. The experience has been transformative, not just in terms of her health but also in her personal and professional development. The support and recognition from the company, the impactful encounters at events, and the connections made with leaders from various countries have all contributed to a profound and fulfilling experience. Maria's story with Gano Excel USA is a testament to the power of faith, community, and the transformative potential of a product she believes in wholeheartedly!

THE 5 THINGS YOU NEED TO KNOW

About The Smart Mushroom, *Ganoderma lucidum*

Ganoderma lucidum is considered an **herbal mushroom**, because it is used in traditional medicines for its beneficial properties to human health.

(It is not poisonous or hallucinogenic.)

Ganoderma lucidum is taken **proactively** to promote balance and efficiency within the body. This means it is best taken as part of a healthy lifestyle and it is not meant to treat specific symptoms or diseases.

Ganoderma lucidum contains **bio-active** compounds that help human cells excel at what they do, from important immune system cells down to even skin and hair cells!

Ganoderma lucidum helps the body become **bio-available** for vitamins and nutrients from other foods that you eat, which on top of its own nutrients makes it a super supplier!

Ganoderma lucidum has a very bitter taste, so it isn't found often in cooking. Instead, extract is used to **enrich** everyday products such as coffee, tea, and cereal.

THE BENEFITS OF GANODERMA LUCIDUM

Ganoderma's nutritious fruiting body and mycellium have shown to have a positive impact on health! Regularly and proactively ingesting the **Smart Mushroom** can help achieve positive balance within the body. This allows for optimum performance and prepares the body to deal with stress.

These positive benefits include:

- Helps support the immune system
- Oxygenates the body
- Increases energy levels
- Detoxifies and cleanses the body
- Helps fight inflammation
- Supports circulation
- Naturally balances blood sugar levels
- Promotes cellular rejuvenation
- Promotes sexual stamina
- Tames allergies
- Enhances sleep
- And much more...
