Malaysia – 20-Year Celebration of Gano Excel

Twenty-four leaders from Gano Excel USA attended the 20-year celebration of Gano Excel! The two-week trip to Malaysia, Thailand, and Japan was inspirational and demonstrated the power of sharing Ganoderma lucidum throughout the world by Affiliates in 60 countries. The mere sight of thousands of Affiliates in one location from Asia, the Americas, and Europe - cheering, singing, dancing, sharing cultures and uniting in the mission of Gano Excel - was an awe-inspiring event. There was a parade of Nations in which representatives from 60 countries carried their flags across the giant stage and stood together united, as partners of the Gano Excel family. On this trip the world became smaller, borders and barriers were lowered and the commonality was the mission to share Gano Excel. The world sat with the Affiliates and leaders who have partnered up to propel Gano Excel's mission for the next 20 years. Who amongst you will be on the next journey?

During the opening ceremony, in a room of Affiliates representing more than 60 countries, the global success of Gano Excel over the past 20 years was profound.

U.S. Affiliates stood next to Affiliates from all over the world receiving Global Achievement Awards, and it was an incredible experience. It showed the level of success U.S. Affiliates have had, and also what can be achieved globally by being a part of Gano Excel.

MEXICO

OPEN FOR BUSINESS

Gano Excel is an international organization, and it is always exciting when a new country opens its doors for business. As a company that puts people and their businesses before anything else, it is a milestone. This milestone means hope and opportunity, and it is meant to be shared with everyone.

On September 21st 2015, Gano Excel officially opened its doors in Mexico City! The opening attracted hundreds if not thousands of Gano Excel fans from across Mexico to arrive in Mexico City. Many were joyful that the premium products were finally available for purchase in Mexico. Many were also excited about the new opportunity Gano Excel brought to the city. Within just a few days of opening, Gano Excel's name quickly spread; People started talking and meetings were set. Needless to say, the opening was a success.

According to National Coffee Association's Coffee Drinking Trends 2013, Hispanics are leading the way in coffee consumption. The number of coffee drinkers has significantly passed other ethnicities in the nation and it is continuing to grow. This suggests strong growth in not only direct selling, but also in the coffee industry as well. This edge gives Gano Excel the perfect opportunity to solidify its presence in Mexico.

For business owners, the ability to conduct business wherever you go is undoubtedly your best weapon. Gano Excel Mexico has a fully equipped

facility that allows you to conduct your business at the office. Gano Excel's opening in Mexico has helped many U.S. Affiliates who have relatives and families over in Mexico to further prospect. For questions about signing up, Auto-ships, product ordering, logistical shipping, and any other Affiliation-related concerns, there is now a physical location for people to go for all their needs.

Even with our strong reputation around the globe, the market that we have penetrated is still far less than 1%. What does that mean? It means that there are still people who don't have any idea of who we are and what we offer. It is our responsibility, both as Corporate and as Affiliates, to relentlessly go out and share our mission and products with everyone. It is our mission to make sure that Mr. Leow's words get delivered to every corner of this planet.

Currently, Gano Excel Mexico has a full staff of customer service representatives that worked tirelessly around the clock to provide support and answers to our questioning fans and Affiliates. We kindly remind all our U.S. Affiliates to direct anyone that you may know who's interested in our product or opportunity to contact our Mexico location. The customer service number is (55) 4195 – 0598. This will help them get the most precise and accurate answers. For any other additional information, visit www.ganoexcel.mx.

LEADERSHIP SPOTLIGHT: VERONICA CARBAJAL SOLIS

Veronica Carbajal Solis believes that leadership is a privilege, and that a leader has a responsibility to serve others and train them to adopt the same commitment of replicating those efforts. She believes the true qualities of a leader are humility, great listening skills, being coachable, and possessing a love of their team. She lists former Presidente Benito Juarez as one of her inspirations. He was a leader who rose from humble beginnings and lead Mexico to success, though all the odds were against him. Along Presidente Juarez’s personal journey, he maintained respect for the people and was blessed with their respect in return.

When asked about identifying leaders, Veronica said that some people are born leaders and other leaders can be developed. She believes you can spot a leader five minutes into a conversation. She says their qualities just jump out at you and they command the room. These leaders possess a code of ethics and conduct themselves with grace and dignity. Their manner and how they treat people set them apart. These are all traits that Veronica admires of people in leadership roles.

She believes the true qualities of a leader are humility, great listening skills, being coachable, and possessing a love of their team.

Veronica was attracted to Gano Excel at her first meeting and was moved to join Gano Excel when a speaker said, “God is our boss and the world is our office.” Her own views and ideas of the way she wished to conduct business had come together at the right time with the right company, and the decision was easy. Before joining Gano Excel, she had hoped for a lot of things, and after joining she realized a complete change. Veronica discovered that the POWER was within her and her dreams were attainable because of who she was, is and continues to be every day.

At every meeting, Veronica expresses her sentiments and shares how Gano Excel made all things possible. She shares with her guests how to pave a path for their dreams to be possible. She re-directed her life with one simple decision - a decision to share the benefits of Ganoderma lucidum with the world.

Today, Veronica is very excited to be part of the company’s growth in the United States. Her belief is that Gano Excel will become a household name across the USA and be a product in every home.

LEADERSHIP SPOTLIGHT

EMERGING LEADER: LEO CARILLO

Leo Carrillo is a shooting star, an emerging leader. Spend five minutes with Leo and two words come up often in that conversation: honesty and integrity. The former Marine and Police Officer speaks from his core about integrity, pride and teamwork. When asked to describe leadership qualities, Leo said learning is first and foremost. He says a leader must continue to grow every single day and learn from interacting with others, not just from books and courses. Next, a leader must apply those lessons to help others lead. Leo says a leader also has to understand people who are different, have empathy and apply lessons learned to help them help themselves.

One of Leo's greatest thrills is to see a team member receive their first check. To see the realization that success with Gano Excel is real, and that, with continued practice and commitment, it can be consistent and scalable. These moments and snapshots of the team members drive Leo to commit to his team with his entire being.

Leo also portrays a strong commitment and belief in Gano Excel's products. He believes this is extremely important to one's success because having a healthy and whole life is the goal of most people. To share this opportunity with others is an amazing and powerful purpose in one's life.

Leo's military and peace officer experience fostered a team environment. Leo says that leading a team to success boils down to each member being trained and motivated. The success of the team is dependent on each individual's performance.

Leo, we are glad to have you aboard!
